

Multi-agency **SWAP** shop

There are tough times ahead for all and we have to show how we can work together to overcome challenges, identify gaps in services, find solutions and best practice approaches to develop and maintain quality service provision.

This is an opportunity for West Dunbartonshire health and social service/social care providers to come together to share practice and resources.

When? – **Tuesday 10th May**

Where? – **St Augustine's Church, 2a High Street, Dumbarton**

This is a partnership event between Scottish Social Services Learning Network **West and West Dunbartonshire's Local Practitioner Learning Network**

This half day event will bring together service providers across the West Dunbartonshire area to share practice and explore potential partnerships.

In the true spirit of partnership working, we want to give organisations the opportunity to come together, build relationships and talk about what the future holds.
